ENVIRONMENTAL PROTECTION AGENCY

[FRL–11363–01–R3]

Clean Air Act Operating Permit Program; Order on Petition for Objection to the Title V Permit for Delaware City Refinery

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of final order on petition.

SUMMARY: Pursuant to the Clean Air Act (CAA), the Environmental Protection Agency (EPA) Administrator signed an order dated July 5, 2023, granting in part and denying in part a petition dated September 16, 2022, from Delaware Audobon Society, Delaware Concerned Residents for Environmental Justice, Environmental Justice Health Alliance for Chemical Policy Reform, the Widener Environmental and Natural Resources Law Clinic, Environmental Integrity Project, and Earthjustice. The petition requested that EPA object to a Clean Air Act (CAA) title V operating permit issued by the Delaware Department of Natural Resources and Environmental Control (DNREC) to the Delaware City Refinery for its facility located in New Castle County, Delaware.

ADDRESSES: Copies of the final order, the petition, and all pertinent information relating thereto can be requested by electronic mail to the address set forth below in the **FOR FURTHER INFORMATION CONTACT** section. The final order and petition are available electronically at: www.epa.gov/title-v-operating-permits/title-v-petition-database.

FOR FURTHER INFORMATION CONTACT: Britlyn Barnes, EPA Region 3, (215) 814–2089, barnes.britlyn@epa.gov.

SUPPLEMENTARY INFORMATION: The CAA affords EPA a 45-day period to review and object to, as appropriate, title V operating permits proposed by state permitting authorities. Section 505(b)(2) of the CAA authorizes any person to petition the EPA Administrator within 60 days after the expiration of this review period to object to a state title V operating permit if EPA has not done so. Petitions must be based only on objections raised with reasonable specificity during the public comment period, unless the petitioner demonstrates that it was impracticable

to raise these issues during the comment period or that the grounds for objection or other issue arose after the comment period.

EPA received a petition from Delaware Audobon Society, Delaware Concerned Residents for Environmental Justice, Environmental Justice Health Alliance for Chemical Policy Reform, the Widener Environmental and Natural Resources Law Clinic, Environmental Integrity Project, and Earthjustice dated September 16, 2022, requesting that EPA object to the issuance of operating permit no. AQM–003/00016—Parts 1–3, issued by DNREC to Delaware City Refinery in New Castle County, Delaware. On July 5, 2023, the EPA Administrator issued an order granting in part and denying in part the petition. The order itself explains the basis for the EPA’s decision.

Sections 307(b) and 505(b)(2) of the CAA provide that a petitioner may request judicial review of those portions of an order that deny issues in a petition. Any petition for review shall be filed in the United States Court of Appeals for the appropriate circuit no later than November 13, 2023.

Director, Air & Radiation Division, Region III.

FEDERAL ELECTION COMMISSION

[Notice 2023–14]

Request for Public Comment on Improvements To Report Filing Processes and Website Usability

AGENCY: Federal Election Commission (“Commission”).

ACTION: Notification of request for public comment.

SUMMARY: The Commission seeks public comment on ways to improve its report filing processes and public-facing website.

DATES: Comments must be submitted on or before November 13, 2023.

ADDRESSES: All comments must be in writing. Commenters may submit comments by email to publiccomment2023-14@fec.gov.

All commenters must provide, at a minimum, their first name, last name, city, and state. All properly submitted comments, including attachments, will become part of the public record, and the Commission will make comments available for public viewing on the Commission’s website and in the

Commission’s Public Records Office. Accordingly, commenters should not provide in their comments any information that they do not wish to make public, such as a home street address, date of birth, phone number, social security number, or driver’s license number, or any information that is restricted from disclosure, such as trade secrets or commercial or financial information that is privileged or confidential.

FOR FURTHER INFORMATION CONTACT:

Robert M. Knop, Assistant General Counsel, or Evan R. Christopher, Attorney, 1050 First Street NE, Washington, DC 20463, (202) 694–1650 or (800) 424–9530.

SUPPLEMENTARY INFORMATION: The Commission administers the Federal Election Campaign Act, 52 U.S.C. 30101–45, in relevant part, through a review of disclosure reports that are filed with the Commission. Political committees must file periodic reports, while others must file only upon the occurrence of specific activity, such as the making of independent expenditures in an aggregate amount or value in excess of \$250 during a calendar year. *See* 52 U.S.C. 30104(a), (c). Some political committees and other regulated persons must file reports electronically, while others may file electronically or in paper form. *See* 11 CFR 104.18.

The Commission processes the information it receives from both electronic and paper filings, and digitally provides the information to the public on its website with search and filter functions. *See* 52 U.S.C. 30111(a)(4). In addition, the Commission’s website contains legal resources for the public, including databases of concluded enforcement matters, advisory opinions, statutes and legislative history, regulations and related rulemaking materials, and documents from court cases. The Commission also provides campaign guides and other explanatory materials designed for non-lawyers, including candidates, treasurers, journalists, and members of the general public.

The Commission periodically reviews its programs to ensure it is fulfilling its mission of providing transparency to the campaign finance system. As part of that mission, not only does the Commission strive to provide to the public data in an easily usable format, but also strives to streamline the report filing process for filers. The purpose of this Notice is to inform the public that the Commission is examining its existing policies and procedures regarding the filing of reports with the agency and to provide the public with an opportunity to

identify any issues or concerns with the report filing process, as well as potential solutions to those concerns. The Commission also seeks public comment on how to improve its website, including the organization, substance, and ease of use of the information on the website. The Commission will use the comments received to help determine whether to change its policies or processes, and, if so, how.

The Commission welcomes comments on all aspects of report filing. For example, one filer expressed frustration that electronic Form 99 (Miscellaneous Electronic Submission to the FEC) has a character limit, while another filer criticized the inability of the Commission's electronic filing system to accept an Excel spreadsheet. The Commission is also aware that filers have encountered software issues, both with FECFile and third-party filing software. While the Commission has deployed significant resources towards a multi-year project to develop a more user-friendly report-filing software, the Commission is seeking public comment concerning what can be accomplished immediately to improve the report-filing process.

In addition, the Commission seeks public comment on how to improve the Commission's website. Public comments can address any aspect of the website, including how the website displays campaign finance data, the organization of the website, search functions for legal research, or the provision of campaign guides. For example, how can the Commission make campaign finance data more accessible? Can the Commission add filters, searches, or features that would make the data more useful for the public? How can the Commission improve the website's organization or search functions for legal research? Do the campaign guides adequately educate non-lawyer members of the public about campaign finance rules?

The Commission is particularly interested in hearing from members of the public who regularly file reports or use the Commission's website, including political committees, candidates, non-profit organizations, journalists, and law enforcement.

On behalf of the Commission,

Dara Lindenbaum,

Chair, Federal Election Commission.

Privacy Act Statement

Authority: Pursuant to Federal Advisory Committee Act (Pub. L. 92-463, 5 U.S.C. 10), we are authorized to collect this information as may be necessary or appropriate in the creation of Federal advisory committees, which will provide objective advice and recommendations regarding agency programs and policies. Disclosure of the requested information is voluntary.

Purpose: This information is being collected and maintained in order to determine eligibility and select applicants to fill vacant positions on the FACA committee(s).

Routine Uses: While the information requested is intended to be used primarily for internal purposes, in certain circumstances it may be necessary to disclose this information externally, for example to: a federal agency or other external entity to the extent necessary to address a suspected or confirmed compromise of the security, availability, or confidentiality of information; to other agencies, courts, and persons as necessary and relevant in the course of litigation, and as necessary and in accordance with requirements for law enforcement; or to a person authorized to act on your behalf. A complete list of the routine uses can be found in the SORNs associated with this collection of information, FHFA-30, Advisory Committee Manager (88 FR 9518).

Consequence of Failure to Provide Information: Providing this information is voluntary. The consequence of not submitting your ideas, comments, requests, or questions is that you will not be considered for membership on an FHFA advisory committee.

SUPPLEMENTARY INFORMATION:

Committee Objectives

In accordance with the Federal Advisory Committee Act (FACA) (5 U.S.C. 10), FHFA has established the Advisory Committee on Affordable, Equitable, and Sustainable Housing (Committee). The Committee will provide advice and input regarding affordable, equitable, and sustainable housing needs, barriers to access, barriers to long-term sustainability, and any regulations, guidance, or policy changes that may be necessary to expand affordable, equitable, and sustainable housing. The Committee will better position FHFA to fulfill its strategic goal of supporting access to affordable, equitable, and sustainable housing. These interests will focus on FHFA's regulated entities—Fannie Mae, Freddie Mac, and the Federal Home Loan Banks—and their respective roles
